Family Math Night Kit

Promote family involvement
with math

Build strong family-school
partnerships

Fun, hands-on activities, games, and projects designed to explore math

Creating a Family Math Night from scratch takes a lot of time and effort. **So we've done it for you!**

Gellin' with Geometry is the third in a series of Family Math Night Kits designed for the elementary grades. Our comprehensive kit includes all the activity materials, flyers, banners, parent booklets, and more...everything a parent, teacher, or administrator needs to run a successful event!

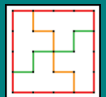

Includes 8 stations with 24 fun and engaging activities

Designed by a veteran elementary school teacher with over 25 years of classroom experience, the activities are based on important mathematical content that gets kids to think about and make sense of mathematics. The Common Core, SOL and TEKS Standards-aligned activities are the perfect complement to classroom learning.

3-D Shapes

Use your senses to explore and make connections between 2-D and 3-D geometry.

Fraction Action

Explore beginning concepts in fractions using a kid favorite - geoboards!

Origami

Create cute origami pieces that you get to take home!

Symmetry

Use reflection mirrors and pattern blocks to explore lines of symmetry.

Area

Play with tiles, dice and pipe cleaners to develop concepts in area measurement.

Geometry Bingo

Hone your geometry vocabulary through a fun game of bingo.

Structures

Build with straws and discover the strongest geometric shape.

Tangrams

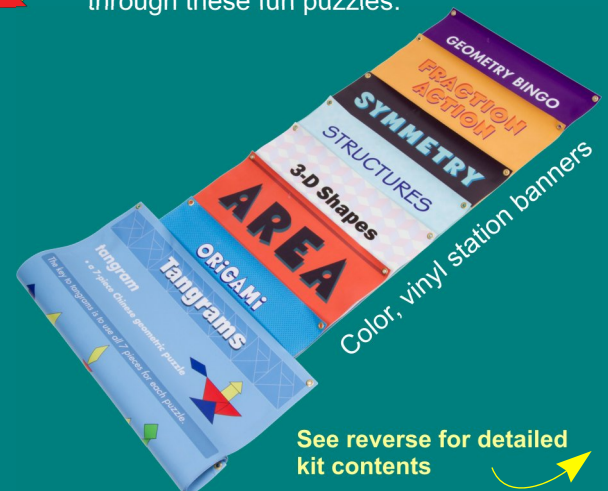

Develop persistence and spatial skills through these fun puzzles.

Each station includes:

- ★ 3 different activity levels
- ★ Station Facilitator packet
- ★ All the required manipulatives and activity sheets
- ★ Colorful, 2' x 5' banner

Gellin' with GEOMETRY

Detailed Gellin' with Geometry Kit Contents

The Gellin' with Geometry Family Math Night Kit was designed with enough materials for 120 K-5 students working at the same time. (Booster Packs are available for larger schools.) All of the kit materials are contained in a convenient plastic storage container with side handles for easy carrying. Detailed below are all the materials you will receive with your Gellin' with Geometry Kit:

★ Family Math Night Coordinator packet

Includes comprehensive support for the Math Night Coordinator including a Quick Glance Manual, step-by-step directions for planning the event, tips for working with students as station facilitators, an event planning check-off sheet, and more!

★ 8 Station Facilitator packets

Each station's packet includes: station objectives, background information, detailed set-up instructions, station activity sheets, and check-off sheets

★ 8 colorful, vinyl station banners

An attractive 2' by 5' banner to display at each station

★ Communications packet

Includes comprehensive marketing tools such as sample flyers, announcements, tips on bringing families to the event, and sample letters

★ Online Resources

Includes connections to the Common Core and TEKS Standards, customizable color and black-and-white flyer, a series of video clips describing: each of the 8 stations, each step from opening the kit to opening the doors to the event, tips for working with students as station facilitators and how to bring families to the event

★ 60 participant booklets

Parent guide describing each station's leveled activities including critical thinking questions to ask their children as they do the activities

★ Materials/Manipulatives

- 60 mini geometric solids
- 45 geometric solids
- 400 colored inch tiles
- 10 number cubes
- 3 12-packs colored pencils
- Pipe cleaners
- 15 geoboards
- Geobands
- 15 bingo spinners
- Bingo chips
- Origami Paper
- Straws
- Twist ties
- 5 reflection mirrors
- 25 Gellin' with Geometry pencils
- 250 pattern blocks
- 15 sets tangram puzzle pieces
- 8 dry erase markers
- 15 scissors
- 12 rolls transparent tape
- 65 cardstock nets
- 3 Family Math Night pouches
- 5 satin Family Math Night bags

Use the kit for multiple events or re-use the activities in the classroom!
