

Nifty Numbers™ Family Math Night

Station Facilitator Permission Slip

_____ is hosting a Family Math Night event on _____ from _____ p.m. to _____ p.m. Family Math Night is a wonderful opportunity for parents to engage in fun math activities with their children. Your child has been chosen to be one of the station facilitators. Station facilitators help run math stations by making sure participants have the materials they need and answering basic questions about the activities at their station. It is a very important job.

Your child will be facilitating the _____ Station. S/he will need to **watch a short welcome video and station video in advance of the event.** The link to the video is below. Please note that your child will not need to do any of the set-up work indicated in the station video.

On the night of the event, facilitators need to be at school at _____ p.m. They may leave once their station has been cleaned up at the end of the event.

If this is something your child can participate in, please check your calendar then sign and return the bottom of this form to school before _____

If you have any questions about Family Math Night, please feel free to contact me.

Thank you!
