

**THE UNKNOWN RECORDING SHEET:** Use the activity strips and beans to figure out which numbers belong in each shape. For each problem, similar shapes contain the same number. Then, fill in each shape below with the correct number. The solutions are on the activity strips.

#1

$$\square + \square = 12$$

$$\square + \triangle = 8$$

$$\square = \underline{\quad\quad} \quad \triangle = \underline{\quad\quad}$$

#2

$$\square + \square = 8$$

$$\square + \triangle + \triangle = 10$$

$$\square = \underline{\quad\quad} \quad \triangle = \underline{\quad\quad}$$

#3

$$\triangle + \triangle + \triangle = 9$$

$$\triangle + \square = 9$$

$$\square = \underline{\quad\quad} \quad \triangle = \underline{\quad\quad}$$

#4

$$\square + \square + \triangle = 11$$

$$\square + \triangle = 7$$

$$\square = \underline{\quad\quad} \quad \triangle = \underline{\quad\quad}$$
